IMPORTANT

While we make efforts to ensure that our lists of doctors and hospitals are up to date and accurate, providers do leave our networks from time to time, and these listings do change. There are hospitals, doctors or other providers who are not included in every plan network. **Please make sure you are searching the right network.** Logging in as a member is the most accurate method to search for providers in your plan network. You may also enter your Prefix (the first three values of your member number on your ID card). There may be higher costs to you if you visit a provider who is not in your plan network. We recommend you contact the provider to confirm that they are in your plan network and that the desired service is covered.

If you are an HMO member, you may need a referral from your Primary Care Physician (PCP) before you receive care for non-emergency services.

If you see the "Coverage Disclaimer" element next to a facility name, you are strongly encouraged to contact us to verify whether the provider involved in your care is a participating or non-participating provider. For more information regarding this, please contact the toll-free customer service number located on the back of your member ID card.

Ethnic information, Patient Populations Treated, and Areas of Expertise information is supplied on a voluntary basis by practitioners. Therefore practitioner searches based on these items may not result in a complete listing of all practitioners matching the specified area. Although this listing is continually updated, participation by practitioners as well as data regarding Patient Populations Treated and Areas of Expertise is not guaranteed and may be subject to change. Prior to receiving care, please ask your practitioner whether he/she is still participating in the network, accepting new patients, and providing services that meet the criteria you have selected.

To receive benefits, some services must be reviewed to determine medical necessity. A request for service may be denied because it's not medically necessary at a certain level-of-care or at a certain facility. When this happens the service may be requested again using a different provider or facility. If you have any questions, please call the member services number on your member ID card.

[Additional information on standard waiting times are available in our Timely Access to Care brochure.](#)

Total Care providers have met national criteria based on provider commitment to deliver value-based care to a population of Blue members. Total Care+ providers also met a goal of delivering quality care at a lower total cost relative to other providers in their area. Program details are displayed on www.bcbs.com. Individual outcomes may vary.

If you receive services from a network hospital, the hospital may arrange with physicians and other providers to assist in your care. Network hospitals are encouraged to hold those hospital-based providers to the same standards for member billing. However, if a hospital does not require its hospital-based providers to comply with the same standards, we cannot influence the manner or amount that you may be billed by the hospital-based provider.

This directory is for general information. Health benefit plans vary, so please consult your benefit plan document to determine what services and supplies are covered under your particular plan.

Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for facilities located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Facilities in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for non-covered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers. Learn more about Anthem's Centers of Medical Excellence and Blue Distinction Centers for Specialty Care.

You can call the number on your member ID card for assistance, if you cannot wait 10 business days for a behavioral health outpatient professional appointment.

Important note for Behavioral Health Groups: since behavioral health services may not be available at all of the group locations listed, and not all Behavioral Health specialists in the group may be participating, please call the Behavioral Health Group to verify that services are available at the location which you are seeking care, and that the professional you select is participating at the location where you will receive care.

To further refine your search, you may select additional search criteria (optional). If you need assistance in finding a provider, call the number on the member ID card and a representative can assist you.

HMO members have open access to the Behavioral Health Network and do not need a referral from their Primary Care Physician to see a Behavioral Health specialist. Confirm that the Behavioral Health specialist is a participating provider at the time and location of service.

Found inaccurate, incomplete or misleading information in this directory? If so, call us. California members can call 844-839-4049. Non-California members should call 833-941-3649. Send an email to ProviderDirectoryDiscrepancy@Anthem.com. Or use our [online reporting tool](#). Members who have relied on inaccurate, incomplete or misleading information can also [file a complaint online](#) or call the Member Services number on their ID card.

The Patient Ratings & Reviews is available for informational purposes only and to use as you see fit. We do not guarantee its use, or its accuracy, reliability, timeliness, and the like. While we do monitor comments for inappropriate or offensive language, we are not responsible for the comments made by users or the accuracy of information in those comments. The Patient Ratings & Reviews is not a referral service and does not offer advice about which doctor or other healthcare provider is right for your medical needs.

To our knowledge, the provider information contained in this printed directory is accurate as of the date of printing but all information is subject to change and updates. There may be higher fees

associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.
