Need to see a doctor this winter?

The ER isn’t your only option.

LiveHealth Online Available While on Winter Break

Feeling sick during winter break? You have other options for getting the care that you need while traveling home, going away on vacation or if you’re staying near campus and the student health center is closed.

With LiveHealth Online, you can speak face-to-face with a board-certified doctor from wherever you are using your smartphone, tablet or computer with a webcam.*

Make sure to download and register through our Sydney℠ Health app. Easily find care, including telemedicine options through the app.

| LiveHealth Online Medical | Flu and cold symptoms, allergies, pinkeye and sinus | 24/7 from your smartphone, tablet or computer with a webcam |
infections, even if a prescription is needed*

* If you're experiencing an emergency, call 911 or go to your nearest emergency room.

In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare professional in your plan’s network. If you receive care from a doctor or healthcare professional not in your plan’s network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan ©2020-2022. The Virtual Primary Care experience is offered through an arrangement with Hydrogen Health.
